CALL FOR INNOVATIVE POSTERS

To be considered for presentation at the

2024 North Central AAAE Conference and National Conference on Learner-Centered Teaching October 2-4, 2024, in Tulsa, Oklahoma

**Research posters are submitted with the paper review process. Refer to that call for more information.*

We will consider innovative poster abstracts that report a **completed** idea, concept, or innovation that **have not been previously reported** at any AAAE Regional Agricultural Education Research Conference or the National AAAE Research Conference for acceptance. All abstract submissions will be peer-reviewed.

Unique to North Central AAAE – Please read carefully! Innovative idea posters (teaching, process, and products) are the only poster session category (type) with this review procedure. Innovative Idea posters must be a new idea or the creative modification of an existing idea. The innovative idea must be implemented prior to submission.

Poster narratives must be of potential regional or national significance, focusing on the areas of teaching, communications, extension, and/or leadership. Posters will be peer-reviewed based on the established evaluation forms. Evaluation will be based on the poster abstract, design and display, presentation, communication of the presenter, significance to the profession, and innovation of the idea. Once accepted, posters will be presented at the North Central Region Conference.

Format

The poster abstract should have these heading/sections when appropriate:

INNOVATIVE IDEA

- Introduction/need for innovation or idea
- How it works/methodology/program phases/steps
- Results to date/implications
- Future plans/advice to others
- Costs/resources needed
- References
